SPRING IRRIGATION CLASS

This class is for the crew person that needs to know more about what it takes to work in the irrigation industry. We will touch on basic irrigation design, installation and electrical servicing.

- **DESIGN** – You can't work on a system if you don't understand the basic fundamentals of a properly designed irrigation system. We will go over basic residential irrigation layouts by flagging a job in the field or designing a property on paper.
- **INSTALLATION** – You will get hands on training on properly hooking up irrigation components. We will cover the basic skills of assembly for the common materials used to make up a landscape irrigation system.
- **ELECTRICAL SERVICE** – We will do hands on exercises focusing on diagnosing common electrical problems in the landscape and sports turf irrigation systems. We will teach the use of a volt-ohm meter to help diagnose potential electrical issues.
- **SPRING START-UPS** - Procedures, common issues found during a spring start-up.

ABOUT WOLF CREEK COMPANY

The Wolf Creek Company is a family owned distribution group that has been faithfully serving the Green Industry since 1961. Wolf Creek Co. Landscape Products provides product supply, field assistance, project consulting, and education for landscape and building contractors, commercial, governmental, and institutional entities. They have locations conveniently positioned in Cincinnati, Cleveland, Columbus, Dayton/West Carrollton, Lexington, Louisville, Pittsburgh, and Toledo.

Cancellations made 8 to 14 days prior to the course start date will be subject to a 30% cancellation fee. NO refunds will be issued for cancellations 7 days or less prior to the course, no shows, or cancellations on the day of the course. If, for any reason, the course is cancelled, enrollees will be notified, and fees refunded in full.
