OUTDOOR LIGHTING

Accent Lights, Path Lights, Hardscape Lights, In-Ground, Color-Changing, Transformers, Patio Lighting, and more

Outdoor lighting is one of the fastest growing categories in the landscape industry - it gets dark every night! We believe that we have the best-stocked warehouses anywhere plus the most knowledgeable sales staff. We carry lights, transformers, and accessories from industry-leading brands ensuring that your next lighting installation will be a success.

KICHLER®

VARIABLE LUMEN OUTPUT ACCENT LIGHT - SMALL

- Output can be switched with magnet tool from 2W to 3.5W or 5.0W, equivalent to 10, 20, and 35W halogen.
- Standard in 3000K warm white, 2700K pure white by special order
- AZT Architectural bronze standard, other colors available

16015 Small 15° Spot
16016 Small 35° Flood
16017 Small 60° Wide Flood

VARIABLE LUMEN OUTPUT ACCENT LIGHT - LARGE

- Output can be switched with magnet tool from 5.25W to 8W or 12W
- Standard in 3000K warm white, 2700K pure white by special order

16018 Large 15° Spot
16019 Large 35° Flood
16020 Large 60° Wide Flood

INTEGRATED LED ACCENT LIGHT (GEN 1.5)

- Industry-leading integrated fixture is even more efficient and precise than previous versions
- Standard in 3000K
- AZT architectural bronze standard, other colors available

16150 10° Spot, 2.5W
16151 35° Flood, 2.5W
16152 60° Wide Flood, 2.5W
16153 10° Spot, 3.5W
16154 35° Flood, 3.5W
16155 60° Wide Flood, 3.5W
16156 10° Spot, 7W
16157 35° Flood, 7W
16158 60° Wide Flood, 7W

CAST BRASS HAMMERED ROOF PATH LIGHT

- 4 watt warm white
- TZT tannery bronze

15871TZT

SIDE MOUNT PATH LIGHT

- AZT architectural bronze, 20" height x 6" diameter

15815AZT30R

CENTER MOUNT PATH LIGHT

- AZT architectural bronze, 22.25" height x 6" diameter

15826AZT27R

TRADITIONAL PATH LIGHT "LLENA"

- 4 watt, 3000k warm white
- AZT architectural bronze, 22.5" height x 6.25" diameter

15820AZT30R

DOME PATH LIGHT

- 4 watt, 3000k warm white
- AZT architectural bronze, 22" height x 8.25" diameter

15810AZT30R

INTEGRATED LED HARDSCAPE

- Adjustable fixture can pivot 180° for direct to surface install and pivot 270° when installed with bracket

16100 3" length, 1 LED, 0.25 watts
16101 6" length, 3 LED, 0.75 watts
16102 12" length, 6 LED, 1.5 watts
16103 18" length, 9 LED, 2.5 watts

Additional products and options are available. Contact your Wolf Creek representative for more information.

WAC
LANDSCAPE LIGHTING

5011 INTEGRATED LED ACCENT LIGHT 12V

- Adjustable internal brightness control: 2W to 16W, 190 lumens to 1045 lumens
- Adjustable beam angle: 10° to 60°
- Easily tailor light output on-site to exact needs

5111 INTEGRATED LED ACCENT LIGHT 12V

- Adjustable internal brightness control: 1W to 7W, 45 lumens to 365 lumens
- Adjustable beam angle: 10° to 50°

5211 INTEGRATED LED GRAND ACCENT LIGHT 12V

- Adjustable internal brightness control: 15W to 33W, 740 lumens to 1,000 lumens
- Adjustable beam angle: 15° to 60°

5021 INTEGRATED LED WALL WASHER LIGHT 12V

- Adjustable internal brightness control: 2W to 16W, 190 lumens to 980 lumens
- Patent pending optical design (even coverage at 15° upwards, 50° x 80°)

5121 INTEGRATED LED MINI WALL WASHER LIGHT 12V

- Adjustable internal brightness control: 1W to 8W, 80 lumens to 420 lumens

TIKI PATH LIGHT

- 22" high, 6.5 watts

604130B2

PATH AND AREA LIGHT

- 22" high, 7.5" diameter, 5.8 watts

601130BZ

CANOPY LIGHT

- 22" high, 8.5" diameter, 6.5 watts

605130BZ

INTEGRATED LED IN-GROUND LIGHT 12V

- 3" diameter, bronze finish

503130BZ

LED DECK & PATIO LIGHT

- 3 3/8" diameter, 60 lumens, 2.8 watts

302130BZ

SURFACE MOUNTED STEP LIGHT

- 5" diameter, 55 lumens, 4 watts

450130BZ

12V OUTDOOR TAPE LIGHTING

- 10' long; submersible up to 5 feet
- May be tied into any 12V landscape lighting system
- Flexible linear lights may be cut to desired length at the end of a run

810130BK

Additional products and options are available. Contact your Wolf Creek representative for more information.

WAC
LANDSCAPE LIGHTING

WAC MAGNETIC TRANSFORMERS

- Taps for 12V, 13V, 14V, and 15V. Knock outs for power and photocell connections. 3-prong outlet for timer. Outdoor rated.

9150-TRN-SS 150 Watt
9300-TRN-SS 300 Watt
9600-TRN-SS 600 Watt

203130SS SUBMERSIBLE IN-GROUND

- 4 watt, 2" diameter, includes a detachable mounting bracket for use in or out of water

5511 UNDERWATER SPOT LIGHT

- Cast brass construction, machined brass thumb screw, IP68 rated, suitable for continuous immersion, under water in depths up to 3'
- 30' lead wire included

HARDSCAPE LIGHTS - INTEGRATED LED

- Dual CCT and integral brightness control
- Hardscape easily detaches from capstone bracket after installation

71822730BZ 18" length, 8.5 watts
71222730BZ 12" length, 7.0 watts
70622730BZ 6" length, 4.0 watts
70322730BZ 3" length, 1.4 watts

LIGHTING WIRE

14-2-250 14 gauge lighting wire - 250' Spool

16-2-250 16 gauge lighting wire - 250' Spool

12-2-250-C 12 gauge lighting wire - 250' Spool

10-2-250-C 10 gauge lighting wire - 250' Spool

WIRE SPLICES

20230 DBR/Y-600 King Direct Bury Splice

61125 Small wire splice - black and white wire nut used for 14, 16, and 18 gauge wire

61235 Medium wire splice - black and gray wire nut used for 12, 14, 16, and 18 gauge wire

TIMERS

7C-112 24 Hour Mechanical Timer used inside a transformer

DTC-200L Astronomical Timer: Auto adjusts based on sunrise and sunset

BRILLIANCE WI-FI SMART SOCKET 2

- Designed specifically to upgrade standard transformers to Wi-Fi control
- Provides remote control of lighting system from anywhere in the world
- Remote on/off, timer mode, and astronomic mode from mobile device

Additional products and options are available. Contact your Wolf Creek representative for more information.

FXLuminaire®

NP ACCENT LIGHT
- Die-cast aluminum
- Available in 3LED, 6LED, 9LED and dim / color

PB WALL WASH
- Die-cast aluminum or brass
- Available in 1LED or 3LED and dim / color

LC WALL WASH
- Largest wall-wash up light
- Projects a broad spectrum of light
- Available in 1, 3, 6 and 9 LED

TM PATH LIGHT
- Aluminum
- 5" diameter, 15" height
- Available in 1LED, 3LED and dim / color

PL PATH LIGHT
- Aluminum
- 6" diameter, 15" height
- Available in 1LED, 3LED and dim / color

LF HARDSCAPE LIGHT
- LED under-the-cap hardscape wall light
- Available in 1LED and dim / color

DE DOWNLIGHT
- Create both ambiance and function, and mimic the effects of natural moonlight.
- Available in 3LED, 6LED, 9LED and dim / color

RS ACCENT LIGHT
- Die-cast aluminum
- Interchange lamps to create custom effects

LUXOR CONTROL CENTER
- 150 watt or 300 watt
- Offers lighting control with zoning, dimming, and RGBW color creation capabilities, plus optional Wi-Fi control using Luxor® technology

LUXOR CUBE MODULE
With the Luxor CUBE, the Luxor controller can now zone and dim other brands of low voltage fixtures.

EX TRANSFORMER
150 watt economical, low-wattage power and control option for LED lighting projects

DX TRANSFORMER
The only digital facepack-controlled transformer with astronomical timing and event-based programming capabilities pre-installed, so there is no need for plug-in accessories such as timers and photocells. Available in 150 or 300 watt.

Additional products and options are available. Contact your Wolf Creek representative for more information.

ALLIANCE Outdoor Lighting

BL200-BT
- Color-changing cast brass bullet light, aged brass finish
- 4-8 Wattage, 15-350 Lumen Output, 40° beam spread

BT-RE RANGE EXTENDER
- 5 db external antenna
- 10 foot wire lead, 16 AWG, brown, pre-connected to the fixture for easy wire connection

BL200-LED5W
- Cast brass bullet light, aged brass finish
- 5 watt MR16 LED Lamp included

BL400-BT
- Highest lumen output available
- 4-8 Wattage, 15-900 Lumen Output, 40° beam spread

FL50-BT
- Color-changing cast brass flood light, aged brass finish
- 2-5 Wattage, 15-350 Lumens, 120° beam spread"

FL200-LED5W
- Brass flood light, aged brass finish
- 5 watt MR16 LED lamp included

UL100-BT
- Color-changing underwater brass fixture, aged brass finish
- 4-8 Wattage, 15-350 Lumens, 40° beam spread

AREA LIGHT HATS
- Brass area light hat, aged brass finish

AL100
AL150

ALSTEM18-LED
- Area Stem Light
- 18" Brass stem, aged brass finish
- Area light hats sold separately

WL100-LED-8W
- ABS Grate, black
- 8 watt PAR36 LED lamp included

SL25-LED
- Integrated LED surface mount step light
- 7 watts, 570 lumens

SL75-LED
- Integrated LED step light
- LED strip, 8 chips, 3 watts, 300 lumens

IT150
- 150 watt intelligent transformer
- Bluetooth ready, phone app driven

IT300
- 300 watt intelligent transformer
- Bluetooth ready, phone app driven

ITIMER
- Astronomical timer
- 120V Input, 15 amp capacity

Additional products and options are available. Contact your Wolf Creek representative for more information.

PRIMEPATIO

COMMERCIAL GRADE LIGHTING WIRE

- Heavy-duty wire offers E26 sockets spaced every 24" to create impressive lighting displays for events and facilities of all types
- Available in 48' and 96' lengths; length includes 1' lead and tail
- String across pergolas, shade structures or beams
- Suspended soft edge socket design with 4" drop provide better illumination and weather-tight seal.
- Included is an eyelet for attaching optional additional support
- Available in 12-volt or 120-volt

LED S14 CLASSIC "SIGN LAMP" SHAPE BULBS

- Long-life, energy efficient COB LED with 10% the consumption of incandescent
- 1 Watt per bulb
- Bulbs can be used in new installations or in retrofitting an old system
- Available in 12 volt or 120 volt
- Available in warm white, pure white, or warm white - amber tinted

INSTALLATION KITS

PP-KIT-E26S-C For structural installations

- (25) 3/16" Ceiling hooks
- (50) 3/8" Cable clamps & screws

PP-KIT-E26S-C For suspended cable installations

- (110') 1/16" Galvanized cable (7x7)
- (60) 4" Zip ties
- (10) 2 5/8" x 1/4" Lock bolts for masonry
- (12) 1/16" Adjustable cable rope clamps
- (10) 1/4" Eye nuts
- (10) 1/4" Eye screws
- (6) 10/24" Eye/Hook Turnbuckles

Additional products and options are available. Contact your Wolf Creek representative for more information.

OUTDOOR LIVING

Water Gardening, Fountains & Aerators, Outdoor Speakers

Outdoor living continues to gain popularity in the landscape industry as people continue to spend more time at home and on "staycations". There are lots of ways to help your customers upgrade their outdoor living areas including water gardens, outdoor kitchens and more. We are committed to providing you the highest quality products and will help make sure you provide the highest quality installation.

Atlantic

COLOR CHANGING FALLS

Illuminated waterfalls are the most versatile way to add light and water to your landscape or hardscape.

- Designed to install easily in any wall, indoors or out, whether stone, brick, block, stucco, tile or wood
- Generous weir openings resist clogging and create a thicker, fuller sheer for extra color and less wind deflection

CC06 6" width
CC12 12" width
CC24 24" width
CC36 36" width

BASIN KIT FOR COLORFALLS

- Provides everything you need to install Colorfalls, WaterWalls and Spillways
- Includes basin, Splash Mat, pump, plumbing, PVC glue, adjustment valve and Auto Fill, all in one box

CFBASINKIT12 Contains TW2400 pump & works with the CC06 and CC12 color changing falls
CFBASINKIT24 Contains TW2400 pump and works with the CC24 color changing falls
CFBASINKIT36 Contains TW3700 pump and works with the CC36 color changing falls

PS3900 SKIMMER
- 6" weir width; 3,900 gph pump flow rate

PS4600 SKIMMER
- 6" weir width; 4,000 gph pump flow rate

PS7000 SKIMMER
- 9" weir width; 7,000 gph pump flow rate

BF1900 FILTER FALLS
- 19" spillway; 2,500 to 4,000 gph pump flow rate

BF2600 FILTER FALLS
- 26" spillway; 4,000 to 6,000 gph pump flow rate

BF3800 FILTER FALLS
- 38" spillway; 6,000 to 8,000 gph pump flow rate

SP1900 FAST FALLS
- 20.5" x 17" x 10.25"; 19" waterfall width; 4,000 gph pump flow rate

SP2600 FAST FALLS
- 27.5" x 17" x 10.25"; 26" waterfall width; 6,000 gph pump flow rate

Additional products and options are available. Contact your Wolf Creek representative for more information.

Atlantic

PV1800 PUMP BASIN
- 18" x 24"; 10,000 gph pump flow rate

PV18EXT EXTENSION FOR PUMP BASIN
- 6" weir width; 4,000 gph pump flow rate

PV2300 PUMP BASIN
- 23" x 30"; 15,000 gph pump flow rate

PV23EXT EXTENSION FOR PUMP BASIN
- 21.5" x 19.5" x 17"

FB3200 FOUNTAIN BASIN
- 23" x 13"; 2,000 gph pump flow rate; 32 gallon capacity

FB4600 FOUNTAIN BASIN
- 46" x 13"; 4,000 gph pump flow rate; 67 gallon capacity

ECORISE20 FOR BOULDER PLACEMENT
- 20" x 20" x 3"; Maximum load 3,000lbs

ECOBLOX WATER STORAGE MATRIX
- Capacity 31.5 gallons

NBC 24 BASALT COLUMN
- 10"x24" column for use with FB2400 basin and FP400 pump

NBC 30 BASALT COLUMN
- 10"x30" column for use with FB3200 basin and FB500 pump

NBC 36 BASALT COLUMN
- 10"x36" column for use with FB4600 basin and FP500 pump

NBCX3 COLUMN KIT
- Contains all three columns for use with FB4600 basin, FBKIT3 and TT2000 pump

SS SERIES STAINLESS SPILLWAYS
SS12 12" Stainless Steel Spillway, projection: 9-10" at 18"H & 1,200gph 1.5"" FIPT
SS24 24" Stainless Steel Spillway, projection: 9-10" at 18"H & 2,400gph 1.5" FIPT
SS36 36" Stainless Steel Spillway, projection: 9-10" at 18"H & 3,600gph 1.5" FIPT

TR215CV CHECK VALVE
- Works with both 1.5" and 2" hose

CV30 CHECK VALVE
- Works with 3" hose

Additional products and options are available. Contact your Wolf Creek representative for more information.

 Atlantic®

WSM-S MANTOVA WALL SPOUT

- Projection: 14-16" at 18"H & 600gph

WSR-O RAVENNA WALL SPOUT

- Projection: 14-16" at 18"H & 600gph

WSV-S VERONA WALL SPOUT

- Projection: 14-16" at 18"H & 600gph

WSO-O OLIVETT WALL SPOUT

- Projection: 14-16" at 18"H & 600gph

MD SERIES MAG DRIVE PUMPS

Magnetic induction pumps provide years of service in the demanding conditions of smaller ponds, waterfalls and fountains. Better flows at higher heads, a longer warranty and are easier to service.

MD550 550 gph, 40 watts
MD1000 1000gph, 90 watts
MD1500 1500gph, 165 watts

TRION3 IONIZER

Electric water clarifier. Releases copper ions to reduce algae growth without need for chemicals

LF1325 FOAM GUN CLEANER

TT SERIES PUMPS

Asynchronous pumps combine the efficiency of Magnetic Induction with the power of Direct Drive geometry, keeping operating and ownership costs to a minimum. Pumps more water for less watts regardless of water chemistry. Compact design fits the tightest pump chambers. Excellent resistance to fouling.

TT2000 Max pump flow: 2,640 gph
TT3000 Max pump flow: 3,000 gph
TT4000 Max pump flow: 4,490 gph
TT5000 Max pump flow: 5,150 gph
TT6000 Max pump flow: 6,600 gph
TT7500 Max pump flow: 7,650 gph
TT9000 Max pump flow: 8,800 gph

VARIABLE SPEED PUMP CONTROLLER

TWVSC For use with TT-Series Pumps up to 800 watts; includes 2.4Hz Remote Control

AF1000 WATER FILL VALVE

Maintains a consistent water level in all Atlantic Skimmers, Pump Vaults, Colorfalls and Fountain Basins

LF1100 FALLSFOAM

12oz. can DIY Black Waterfall Foam with applicator straw

LF1310 PRO FOAM GUN

LF1300 FALLS FOAM

29oz. can Professional Black Waterfall Foam

LF1315 PRO FOAM GUN

Professional Foam Gun (composite, for use with 29 oz. cans)

Additional products and options are available. Contact your Wolf Creek representative for more information.

Atlantic®

BIOMAX - WEEKLY BIOLOGICAL CONDITIONER

Beneficial bacteria metabolize organic waste and neutralize odors. Contains billions of potent microbial strains plus enzymes. Improved ecological balance lowers nitrates that promote unwanted plant growth.

WTBM1 1lb / treats 16,000 gallons
WTBM2 2lbs / treats 32,000 gallons
WTBM6 6lbs / treats 96,000 gallons

BIOMAX+ ENHANCED BIOLOGICAL CONDITIONER

Liquid bacterial formula naturally removes organic debris, ammonia and nitrates. Atlantic's BioMax+ balances pond ecosystem, enhances bacterial activity and seeds biological filters.

WTBM16 16oz / treats 6,000 gallons
WTBM32 32oz / treats 12,000 gallons
WTBM1G 1 gal / treats 48,000 gallons

REVIVE - DECHOLRINATOR WITH STRESS REDUCER

Dechlorinators remove fish-toxic chlorine, chloramines, ammonia and heavy metals in tap water. Atlantic's ReVive with stress reducer thickens the slime coat of Goldfish and Koi in times of stress.

WTRV16 16oz / treats 3,200 gallons
WTRV32 32oz / treats 6,400 gallons

CLARITYBLAST - COMBO POND CLEANER

Pond Cleaner cleans waterfalls, streams, ponds, plant pots and filters. Atlantic's ClarityBlast is an all-natural proprietary treatment with bacteria and enzymes. Keeps pond water and hard surfaces clean by removing attached organics.

WTCB1 1lb / treats 8,000 gallons
WTCB2 2lb / treats 16,000 gallons
WTCB6 6lb / treats 48,000 gallons

ECOSOLV LIQUID POND CLEANER

Water clarifiers clear discolored water in ponds, streams, waterfalls and bubblers. Atlantic's EcoSolv extra strength formula is the fastest water clarifier on the market.

WTES16 16oz / treats 9,600 gallons
WTES32 32oz / treats 19,200 gallons
WTES1G 1 gal / treats 76,800 gallons

ECOKLEAN OXY POND CLEANER

Oxy pond cleaners quickly remove attached organics and algae stains from rocks, waterfalls and streambeds. Atlantic's EcoKlean fast dissolving granules lift debris to the surface with the power of pure oxygen.

WTEK1 1lb / treats 400 sq. ft.
WTEK2 2lb / treats 800 sq. ft.
WTEK10 10lb / treats 4,000 sq. ft.

REFRESH COLORFALLS & FOUNTAIN TREATMENT

Fountain treatments keep fountains clean and free from stains, sludge and odors.

WTRF16 16oz / treats 1,600 gallons
**WTRF32** 32oz / treats 3,200 gallons

Additional products and options are available. Contact your Wolf Creek representative for more information.

BOXED POND LINER

Convenient Pre-cut Pump Liner for features of all sizes and types. Trim to the exact size you need.

LI810B 8'x10' boxed liner
LI1010B 10'x10' boxed liner
LI1015B 10'x15' boxed liner
LI1515B 15'x15' boxed liner
LI1520B 15'x20' boxed liner
LI1525B 15'x25' boxed liner
LI2020B 20'x20' boxed liner
LI2025B 20'x25' boxed liner

ROLLED POND LINER

LIR1050 10'x50'
LIR2050 20'x50'

TR3WAY THREE WAY DIVERTER

- Manifold for using hoses; For use with FB4600

FBKIT3 FOUNTAIN BASIN KIT

- For use with TW1200-2400 and MD1000 & 2000 pumps. Contains 3 way diverter

FBKIT1 FOUNTAIN BASIN KIT

- For use with TW250-750 and FP200-500

PD300 POND DE-ICER

Allows oxygen to diffuse into pond water otherwise sealed off by ice, while toxic carbon dioxide and methane from decomposing organics diffuse out. Efficient heating element only draws 300 watts.

POND NETTING

Netting keeps out leaves and other wind blown debris for a clean pond in the fall and spring

FOUNTAINS

J SERIES DECORATIVE FOUNTAINS

Kasco J Series Decorative Fountains give you the versatility, performance, and reliability you need. Ranging from 1/2HP to 7.5HP, there is a Kasco J Series Fountain perfect for any size pond or lake. Their corrosion and clog resistant technology offers reliability that is unparalleled by any other outdoor fountain brand. All J Series Fountains come with multiple nozzles that deliver elegant spray patterns.

VFX SERIES AERATING FOUNTAINS

Kasco VFX Series Aerating Fountains set the standard by which all aerating pond fountains are measured. These units deliver both superior oxygenation and aesthetic brilliance, making this a true dual-purpose fountain. As the leader in pond aeration, Kasco's VFX aerating fountains have been designed with their clog-resistant technology to ensure you are buying the most efficient unit on the market. Use the VFX Series in your pond, on the lake, in a landscaped water body, or even in industrial applications to help promote evaporation.

SUBSURFACE AERATION

Subsurface aeration can reduce pond muck, improve water quality, boost dissolved oxygen, eliminates thermocline and helps project fish in a pond. Aeration circulates and mixes water to eliminate stratified layers of warmer, surface water and the colder, deeper water, to create an oxygen rich environment throughout your pond.

BENEFICIAL BACTERIA

Control and eliminate sludge and foul odor in tanks, ponds, and lakes. Beneficial bacteria & enzymes reduce much, neutralize odors and clean water.

• Non-toxic to humans, fish, wildlife and livestock
• No permit is required for use

LED LIGHT KITS

Add optional LED lighting for beautiful night effects. Low energy cost. Choice of colored lenses.

Additional products and options are available. Contact your Wolf Creek representative for more information.

SUBTERRAIN PRO SUBWOOFERS

Wolf Creek Company is excited to offer the SubTerrain Pro Series of outdoor subwoofers from TruAudio. Enhancing your customers' outdoor living space with music has become a standard. Great audio, simple design and clean installs are what TruAudio does best.

TruAudio's outdoor SubTerrain™ Pro Series has upgraded to a 40% smaller footprint that enables easier ground installation along with:
- Convenient built-in handles
- A sealed-enclosure in order to eliminate the chance of water leaking into the enclosure
- The woofer is also positioned methodically on top of the chamber to allow serviceability without having to dig up the entire subwoofer
- Included anchor points on the exterior of the sub in order to avoid floating up out of the dirt when in high-moisture environments
- A better output to blow your outdoor guests out of the park.
-

Subwoofers are available in a 10" and 12" model. TruAudio also offers all the other components necessary to create the sound systems to blow your customers away.

Additional products and options are available. Contact your Wolf Creek representative for more information.

LANDSCAPE PRODUCTS

Artificial Turf, Drainage, Tools, Geo Ripper Trencher

Wolf Creek is equipped with supplies to help you complete all your landscaping jobs. Whether it's tools, drainage, or more - we are committed to ensuring a successful installation or application. Our knowledgeable sales staff is sure to provide the best service around.

EASY TURF®
A FieldTurf Company

You may be surprised to hear about artificial turf in the Midwest - however, there are many applications for it here. And with EasyTurf, you know you're getting a high quality product. EasyTurf's UltimateGrass products have a proprietary, 100% permeable, non-absorbent backing. EasyTurf's backing drains 10 times faster than natural grass and better than any other synthetic turf surface available. Other turf surfaces can't effectively drain which can quickly leads to bacteria buildup and odor.

DOG RUNS

EasyTurf's artificial grass for pets contains innovative drainage capabilities, along with its realistic look and feel. Because of its artificial grass durability, EasyTurf has proven to stand up to the most challenging of pets and its low maintenance features make it easy to keep a beautiful, problem-free lawn last all year!

PUTTING GREENS

EasyTurf's putting greens deliver an authentic look and feel, giving you a true golfing experience right at home. EasyTurf is the highest quality provider of professional-grade backyard synthetic home putting greens, providing unparalleled realism in terms of surface quality and aesthetics.

PLAYGROUNDS

EasyTurf's artificial grass provides a surface that is safer, cleaner, and more comfortable than any other synthetic turf out there. It also greatly reduces threats from grass allergies, insects and unwanted pests. It has met fall height requirement tests for up to 12 feet, and is extremely durable yet non-abrasive.

HARD TO IRRIGATE AREAS

Around pools, hardscaped areas, and roof tops can be difficult places to irrigate and grass can be hard to maintain and keep green. These are areas where artificial turf may be a good option. Installation is easy and can save you a lot of work down the line.

MiniTrencher™

Say goodbye to traditional shovels and trenchers and experience the increased efficiency of MiniTrencher's GeoRipper. The GeoRipper is a portable, commercial handheld trencher that can be used alone or in conjunction with an EZ Kart. All GeoRippers are built with powerful two or four stroke engines by a brand you can trust, Makita.

- **INNOVATIVE:** SLR muffler recycles un-burned fuel vapor for up to 15% improved fuel consumption.
- **RELIABLE:** Start capacitor with start support function results in less pull start force.
- **CONVENIENT:** On-Off-Choke operation is on a single lever for operator convenience.
- **HIGH PERFORMER:** Five stage filtration system with advanced directional air flow leads to better engine performance.

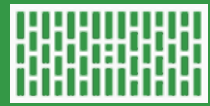

MAKE IT EVEN EASIER WITH AN EZ CART

- Compatible with all GeoRipper Models
- Disassembles easily for storage or transport
- Provides consistent digging for longer runs
- Quickly connected to GeoRipper trenchers
- Lightweight

Additional products and options are available. Contact your Wolf Creek representative for more information.
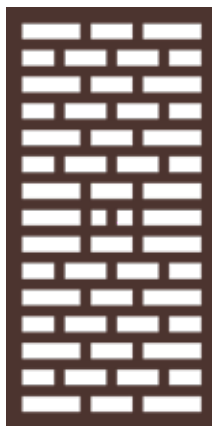

OUTDECO OUTDOOR DECORATIVE PANELS

OUTDECO Decorative Modular Panels are the key to transforming the style and character of your outdoor or indoor environment. Available in two sizes, three privacy levels, and a myriad of beautiful patterns ranging from natural to geometric. OUTDECO panels offer endless possibilities for outdoor and indoor installations. Choose these panels for many reasons:

1. **DURABILITY:** OUTDECO's unique hardwood board contains 97% fiber, making it termite resistant, more stable than natural kiln-dried hardwood timbers, and denser and harder than MDF. Their panels carry a 10-year limited warranty against material rot, bloat, or delamination.

2. **WORKABILITY:** The hardwood utilized in OUTDECO Decorative Modular Panel boards performs similarly to decking timber and can be trimmed and fabricated as per lumber. The core material of all OUTDECO panels is specifically engineered for outdoor vertical cladding and is easily mounted and installed.

3. **SUSTAINABILITY:** OUTDECO panel substrates contain none of the noxious synthetic additives found in other composite boards. Sourced from certified new-growth tracts and milled with no carbon footprint, the core of OUTDECO products is 97% hardwood fiber comprised of tailings and usable timber that otherwise would be wasted.

4. **DESIGNABILITY:** These panels can be repetitively 'tiled' in landscape or portrait configurations to create a variety of installation sizes and architectural effects. For an aesthetic that complements your space design, panels can be left unfinished to weather to their natural patina, or finished with a stain or paint of your choice

We know that you have a choice on who to do business with. When it comes to a distributor - you want to be sure that you are selecting the distributor that provides you the most value. We think that Wolf Creek is that distributor, and part of the reason is the services we provide.

DELIVERY

Our expert DELIVERY allows for your workers to stay on the job site, saving you many hours and improving your bottom line. Wolf Creek Delivery has become even better since we combined it with One&Done, our texting service.

ONE & DONE

You can now send texts to the Wolf Creek branches with technical questions, orders and delivery information. Our staff will send you confirmation texts and pictures of delivery.

TRAINING, EDUCATION & CEUS

For many years Wolf Creek Company has offered in-person classes at their branches. We now provide landscaping training, education and CEUs in new ways: on-line, on-site, and on-demand.

WOLFDEN INVENTORY

What is a WolfDen? It is like having our branch at your shop! No more trips to get supplies. How does it work? Wolf Creek manages inventory that you have agreed to at a secure place, for example in your shop or in a container at a job site.

- We bring inventory to you which saves you hours of traveling to our branch
- There is no need to commit operating cash to inventory
- You reduce stock shrinkage losses
- You only pay for what you use, after you use it
- We monitor and restock so you will never run out
- You can view inventory stock levels in our WolfDen App.
